

## Mrs. Dow & Ms. Sims Classroom

During this unprecedented time, Sierra School at Barrett understands the importance of continuing learning in and out of the classroom. With the challenging times during COVID Mrs. Dow & Ms. Sims have come together to make sure students in their classroom can live out normal lives with normal activities throughout the school day. Encouraging students to learn, laugh, smile, and enjoy their time here at Sierra School at Barrett staff have noticed that this group of young people are taking COVID head on and living life the fullest. Below is a picture of the class enjoying basketball in the gym during their recess time after a great morning of hard work during Reading and Math, the only differences from last year and this year are those COVID masks!

An unidentified staff quoted this picture as “Straight Outta Sierra School at Barrett”.
