

# HIGH ROAD SCHOOL

## OF SOUTHERN YORK

VISIT US AT:

2821 E. PROSPECT RD  
YORK, PA 17402

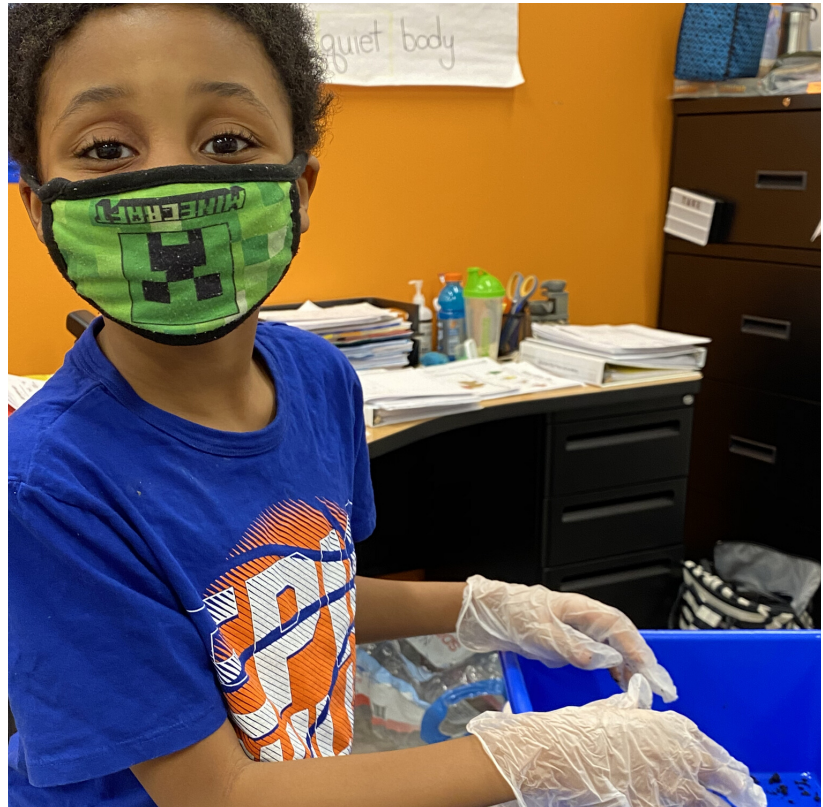

We would love to meet  
you! To schedule a tour:  
(717) 610- 0046

We recently added a  
sensory swing--a new  
favorite with many of our  
younger students.

Ms. Becky's class works hard  
on creating gingerbread so  
they can build and decorate  
gingerbread houses.

## We're Growing!

We're one year old! A year ago, we started High Road School of Southern York with so many hopes and dreams. We're excited to report that we are now at half-capacity! Thanks to local districts and our very own families, our student population continues to grow. We are so thankful that even though we started as a new school just a month before the Covid shutdown, our program has still managed to flourish.

SCHOOL

## Meet Our Staff!

**Claudia Trout**  
**Teaching Assistant**

Claudia Trout joined our team in January as a one-to-one care assistant. Since then, we have seen just how talented, dedicated, and hardworking she is. We are excited to announce that she is now the Teaching Assistant in our Elementary classroom! Claudia comes from working in patient-care at Lancaster General Hospital. She is passionate about caring and making a difference in kids' lives. In her spare time, she loves to spend time with her family and play with her sweet bluetick coonhound, Remi.

Haley Hatcher is the first voice you'll hear when you call us here at High Road. She has a passion to see kids thrive and grow and loves to help keep High Road running behind the scenes. She has a Bachelor's in Human Development and has since worked in many different roles in non-profits with children. In her spare time, Haley is enjoying life with her family, reading as many books as she can, and finding local places to hike.

**Haley Hatcher**  
**Administrative Assistant**

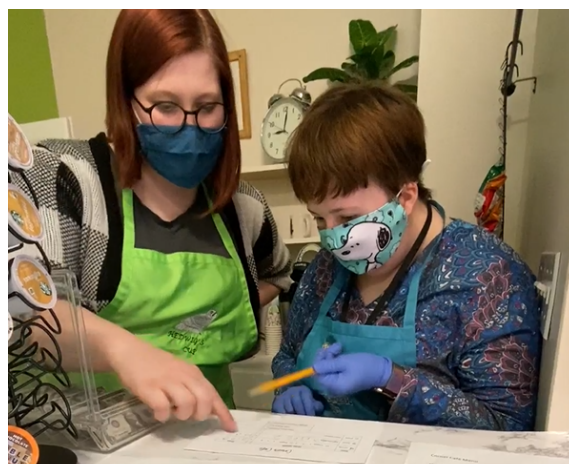

# Corner Cafe

Our students spent the Fall learning interviewing skills, putting together resumes, and interviewing to work in our student-led cafe.

They got the job! The Corner Cafe is officially open! Students took shifts preparing drinks, counting money, and serving student and staff yummy food.

Administrative Assistant, Haley Hatcher, teaches the students all about cafe maintenance and customer service.

# Happenings

Happy Holidays!

Classrooms celebrated the holidays by making cookies, building gingerbread houses, decorating a tree, and hanging stockings!

## Getting Messy!

Ms. Pletz's classroom has been busy learning all about dirt and erosion. These messy science experiments are a great way for the students to get hands-on experience--and getting messy is a great plus!
