B. Pupil Outcomes

State Priority: Pupil Achievement

Career Technical Education Programs (School Year 2020–2021)

Sierra School offers a comprehensive Career/Life Skills program designed to prepare students to enter the community and workplace after they exit high school. Through our hands-on, interactive approach, students are exposed to basic life and vocational skills that apply to real-world settings and these skills are directly in line with the students' Individualized Education Plan (IEP).

Students in the program will be responsible for creating their own portfolio, which will include such items as résumés, sample job applications, mock interview questions, industry tour information, community outing reflections, planning guides, and a library card. Many students will also have the opportunity to participate in work experiences on campus or at various job sites in the community based not their areas of interest and skill set. Sierra's Life Skills program utilizes "experience-based learning" that stresses direct participation in order to increase motivation, acquisition, and retention of the skills being taught.
