

# HENRY COUNTY

SCHOOL  
OF SCHOLARS

The **Henry County School of Scholars** specializes in providing behavioral, academic, and social-emotional learning (SEL) assistance to students (grades K-8) in a safe, supportive environment, with an emphasis on parent involvement, small class sizes, and individualized support.

## We accomplish this by:

Creating a shift in perspective toward a **growth mindset**

Encouraging students to be an **active partner in academic and behavioral growth**

Using **social-emotional learning and positive reinforcement** through a Positive Behavior Intervention and Support (PBIS)\* system

Offering **daily therapeutic and counseling services**

Establishing a **trusting, safe environment**

The primary goal of this program is to help elementary and middle school students correct their academic trajectory early in their education, when they begin to express behavioral difficulties in the classroom or show a need for enhanced social-emotional learning and coaching.

We aim to achieve that goal within a supportive environment in which children are comfortable learning and growing, both academically and behaviorally.

## This learning environment is designed to:

**Minimize triggers**

**Teach and model positive behaviors**

**Foster academic growth**

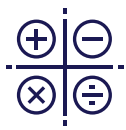

**Reinforce therapeutic support**

Our certified teachers, special education staff, and therapists ensure students receive the highest quality of care in the least restrictive environment. Henry County School of Scholars is tailored to each student's needs and designed to help our students excel academically, physically, functionally, socially, and emotionally.

## The Numbers Tell the Story

During the 2020-21 school year, students enrolled in similar programs achieved:

**2.1 YEAR**  
Grade-Level Growth  
in **MATH\***

**2.3 YEAR**  
Grade-Level Growth  
in **READING\***

**88.8%**  
Attendance Rate

**4%**  
Incident Rate

**100%**  
Promotion Rate

\*The data is derived from students who meet the following criteria: Students enrolled for at least 120 instructional days; Students who had an average daily attendance (ADA) of 80%; and Students who pre-tested at least two or more years below their assigned grade level, as measured by GLE in math and reading.
