

DELCO ACADEMY FALL NEWSLETTER

HOLIDAY FUN

Delco Academy students participated in some halloween fun, dressing up as their favorite characters both scary and fun! Staff handed out candy as they trick or treated throughout the classrooms and participated in halloween games and themed learning!

TRANSITION SERVICES

High School students at Delco Academy have been engaging in various career orientated activities this year to help prepare and guide them toward the future

Twice a month, a social worker from the Office of Vocational Rehabilitation comes in to provide groups with the students on transitional related topics such as preparing for a job interviews, understanding your IEP, career exploration, and more.

Students are looking forward to an upcoming field trip to the Philadelphia Technical Training Institute, where they will have an opportunity to meet with students and staff, tour the facility, and hear about how hands on trades translate into the real world!

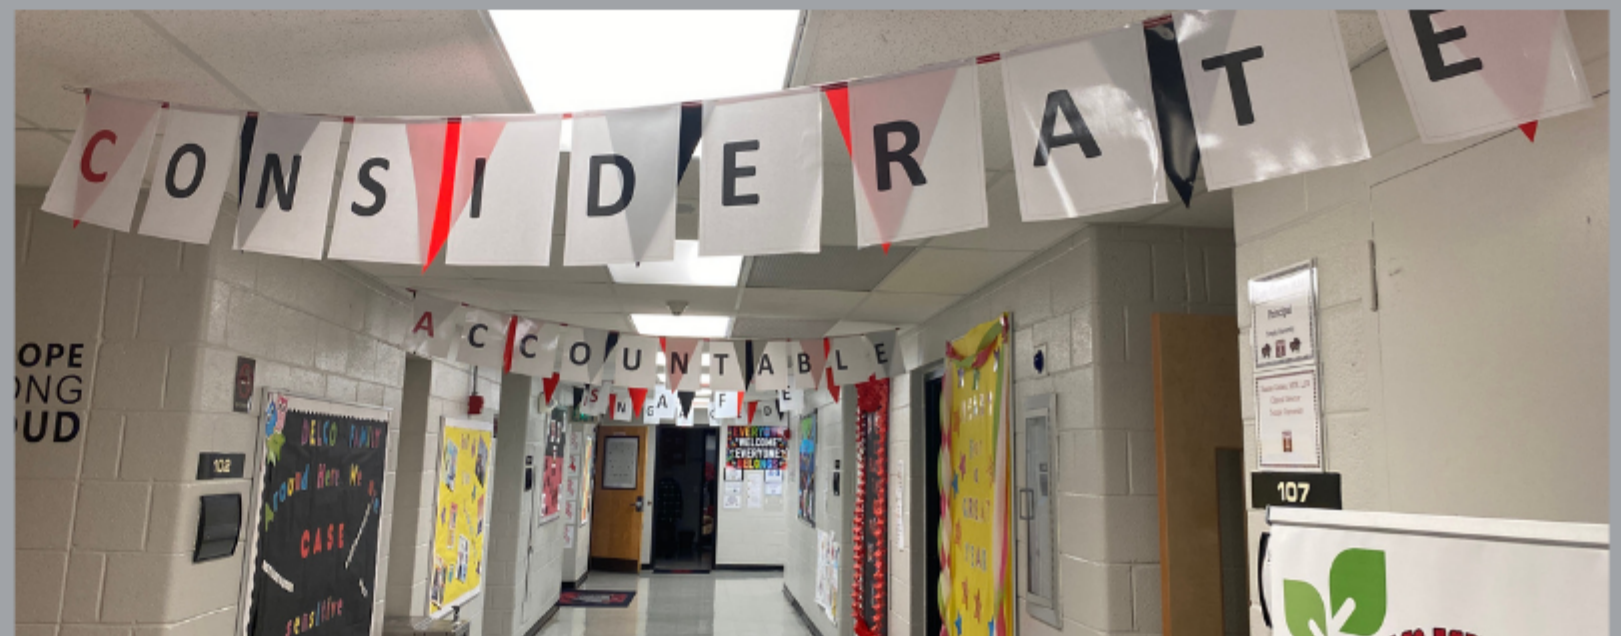

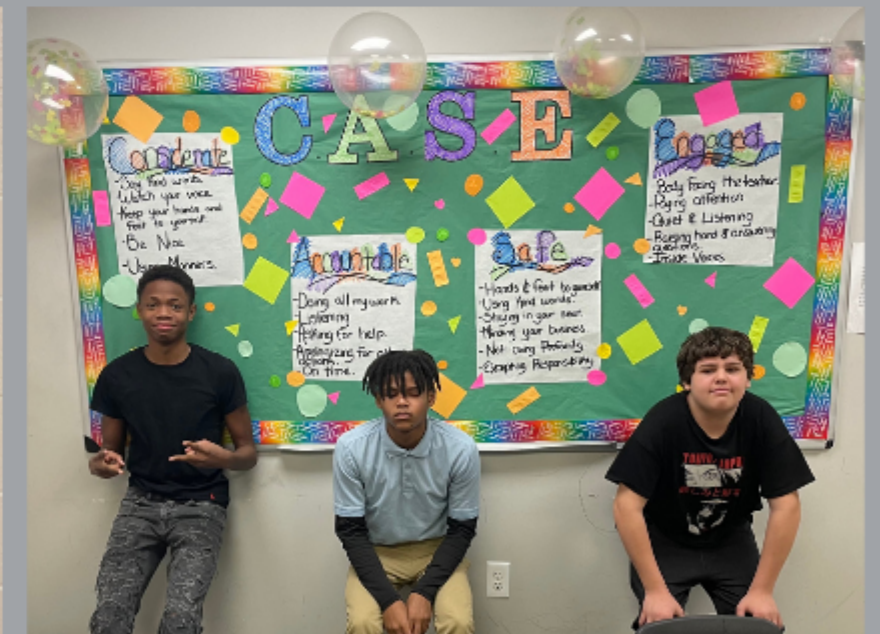

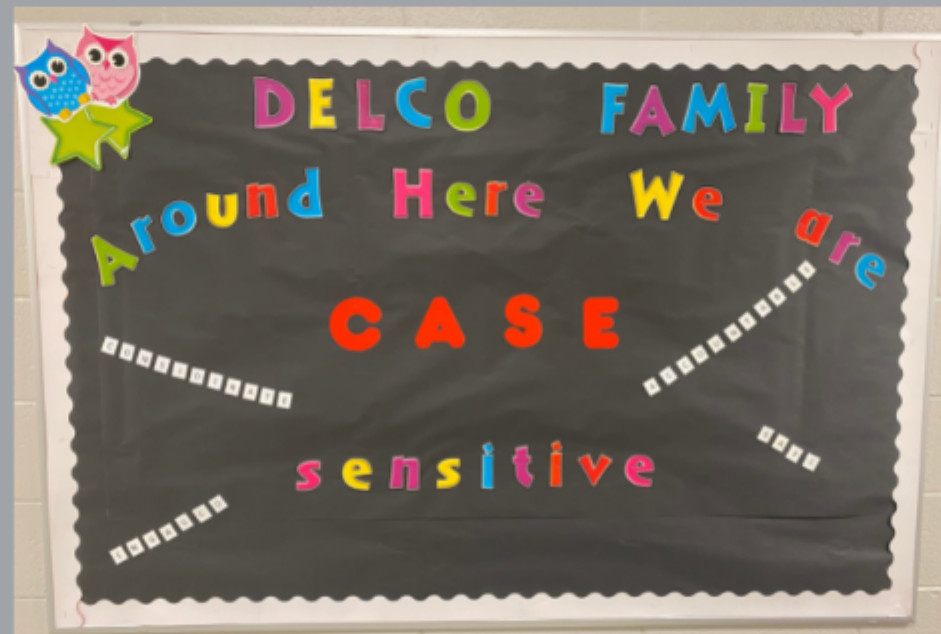

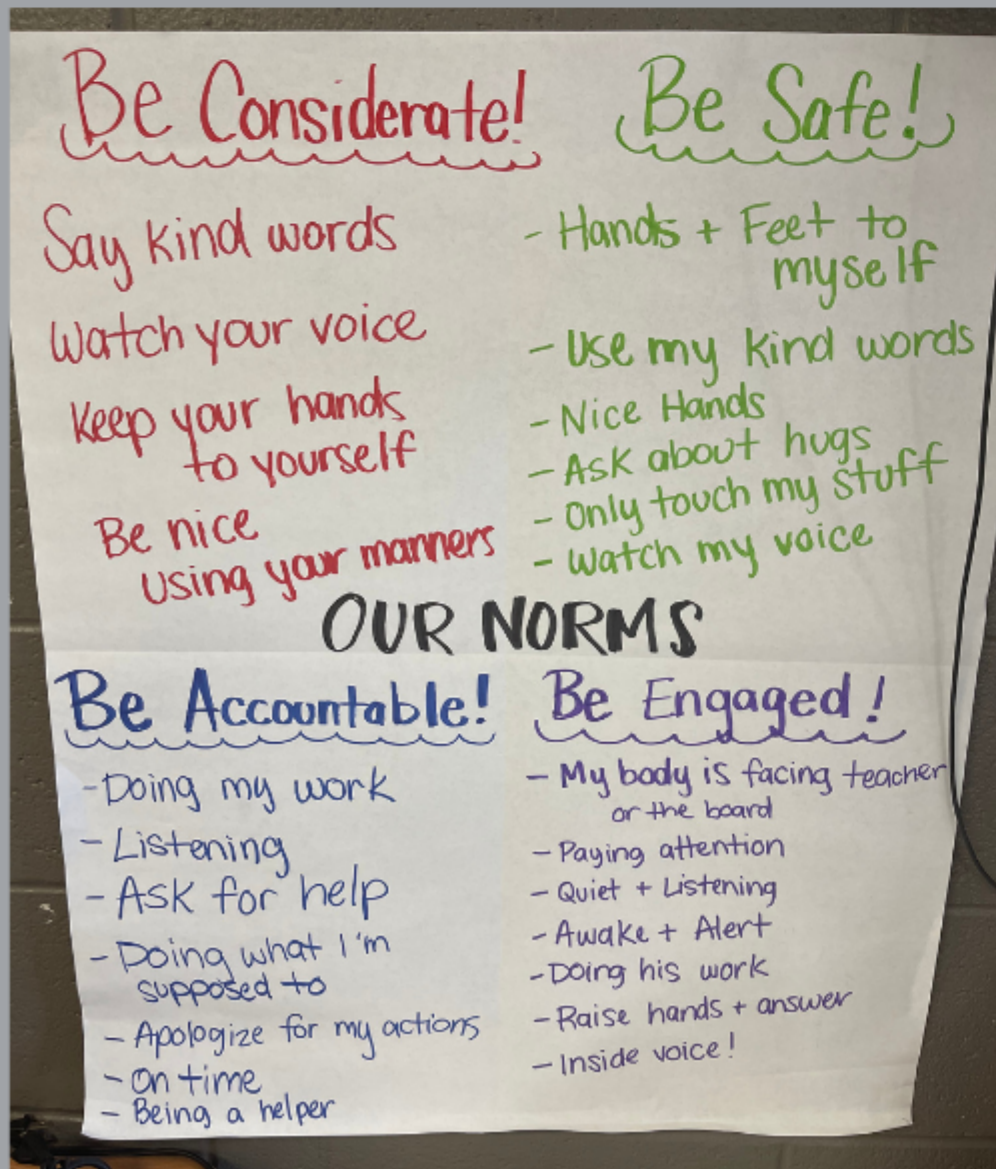

WELCOME NEW CROZER STAFF!

Delco Academy is pleased to welcome our new Crozer staff this 2022-23 academic school year! The team works collaboratively with Delco Academy staff to serve the mental and emotional health needs of our students, allowing for a holistic model on campus. Crozer staff consists of a psychiatrist (Dr. Kihn), clinical supervisor (Ms. Pauline), and three social workers (Ms. Cherell, Ms. Heather, and Ms. Katina). Say hello if you see them around campus!

CASE!

This year, Delco Academy has introduced a new positive behavior support system called CASE where we focus on being CONSIDERATE, ACCOUNTABLE, SAFE, and ENGAGED. The students and staff have worked hard to establish this new system and you can feel the presence on campus!

HAVE A SAFE AND HAPPY HOLIDAY SEASON

Making a List, Checking it Twice:

Top Tips for Celebrating Safely this Holiday Season

Toys

- Follow safety information on packages, and choose toys that match your child's abilities.
- Get safety gear and ensure it's worn properly at all times and sized to fit.
- Keep small balls and toys with small parts away from children younger than age 3.

Cooking

- Never leave food unattended on the stove or in the oven.
- Keep flammable items away from the stove and oven.
- Fry a turkey outside only, and away from your home and do not overfill the oil in the turkey fryer.

Decorating

- Keep your live Christmas tree well-watered and look for the "Fire Resistant" label when buying an artificial tree.
- Place burning candles away from flammable items, and blow them out before leaving the room.
- Only use lights tested for safety and throw out sets with broken sockets, or frayed wires.
