School Description and Mission Statement (School Year 2022–23)

Sierra School is a nonpublic, special education school with one overarching goal in mind: to provide an educational program that will make a difference in the lives of children. We want people to realize that children who face academic and behavioral challenges *can* be successful. To achieve this goal, Sierra School adheres to the following set of Core Values:

- We build the confidence and competence of children facing learning, language, and social challenges through personalized, academic interventions.
- We are committed to achieving success with each student even in the face of obstacles, challenges, and excuses.
- We are committed to preparing youth to become responsible adults who are able to participate in their communities and lead self-fulfilling lives.
- We never give up on a child.

To assist our students in finding success, and to expedite their transition back into the public-school system, Sierra School utilizes standards-based curriculum and a unique rotational model that provides students with both direct and full-group instruction. Sierra School also provides a myriad of related services including, but not limited to: individual and group therapy, speech therapy, occupational therapy, physical therapy, life skills training, and art therapy. Sierra School also offers an adult transition program for students 18-22 years. The program focuses on IEP needs in the areas of: academics, job skills/training, mobility training, community college exploration, social skill training, self-advocacy skills, safety skills, and more. The transition programs goal is to help students become happy and productive members of society, while increasing a student's independence in various areas. Sierra School had their on-site review with the California Department of Education in January of 2021. Sierra School's Mission Statement is: "Building *confidence and competence* through personalized academic interventions." Please visit our website at: www.sesischools.com

B. Pupil Outcomes

State Priority: Pupil Achievement

Table 20: Career Technical Education Programs (School Year 2021–22)

Sierra School offers a comprehensive Career/Life Skills program designed to prepare students to enter the community and workplace after they exit high school. Through our hands-on, interactive approach, students are exposed to basic life and vocational skills that apply to real-world settings and these skills are directly in line with the students' Individualized Education Plan (IEP). Students in the program will be responsible for creating their own portfolio, which will include such items as résumés, sample job applications, mock interview questions, industry tour information, community outing reflections, planning guides, and a library card. Many students will also have the opportunity to participate in work experiences at various job sites in the community based on their areas of interest and skill set. Sierra's Life Skills program utilizes "experience-based learning" that stresses direct participation in order to increase motivation, acquisition, and retention of the skills being taught.

School Safety Plan (School Year 2022–23)

Sierra School’s safety plans includes: disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

POLICY

Sierra School shall assure that all students and staff members are aware of the Disaster and Mass Casualty Plan of Action and are prepared to follow its procedures should an emergency occur.

GOAL

- To assure a quick, safe exit from the building for all occupants when an emergency requiring evacuation such as an earthquake or fire occurs.
- To safeguard and supervise the students until arrangements can be made for their safe return to class, an emergency shelter, or their homes.

DEFINITION

A disaster or emergency is defined as any situation that involves the potential for serious injury or illness of a student, parent, or employee. Included in this definition is fire, explosion, earthquake, riots, etc.

2. All staff members are responsible for notifying the Program Director of potential hazards or obstructions to a safe exit from the building.
3. All building exits shall be clearly identified as per code and numbered in case a specific exit must be used.

All students requiring assistance due to physical disabilities shall be identified at the beginning of the school year and a staff member shall be designated as responsible for their evacuation.
