B. Pupil Outcomes

State Priority: Pupil Achievement

Career Technical Education Programs (School Year 2021–22)

Sierra School offers a comprehensive Career/Life Skills program designed to prepare students to enter the community and workplace after they exit high school. Through our hands-on, interactive approach, students are exposed to basic life and vocational skills that apply to real-world settings and these skills are directly in line with the student's Individualized Education Plan (IEP).

Students in the program will be responsible for creating their own portfolio, which will include such items as résumés, sample job applications, mock interview questions, industry tour information, community outing reflections, planning guides, and a library card.

Many students will also have the opportunity to participate in work experiences on campus or at various job sites in the community based not their areas of interest and skill set.

Sierra's Life Skills program utilizes "experience-based learning" that stresses direct participation in order to increase motivation, acquisition, and retention of the skills being taught.

School Safety Plan (School Year 2022–23)

Sierra School’s safety plans include disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

POLICY

Sierra School shall assure that all students and staff members are aware of the Disaster and Mass Casualty Plan of Action and are prepared to follow its procedures should an emergency occur.

GOAL

- To assure a quick, safe exit from the building for all occupants when an emergency requiring evacuation such as an earthquake or fire occurs.
- To safeguard and supervise the students until arrangements can be made for their safe return to class, an emergency shelter, or their homes.

DEFINITION

A disaster or emergency is defined as any situation that involves the potential for serious injury or illness of a student, parent, or employee. Included in this definition is fire, explosion, earthquake, riots, etc.

PROCEDURE

Disruption of communication is a serious problem during any disaster or emergency. Therefore, the school has developed a pre-established plan that designates the procedures and parties responsible for the implementation of the plan. Therefore,

1. The Program Director shall assure that all students and staff members are aware of the Disaster and Mass Casualty Plan through an orientation program and by having copies of the plan available in all the classrooms and offices.
2. All staff members are responsible for notifying the Program Director of potential hazards or obstructions to a safe exit from the building.
3. All building exits shall be clearly identified as per code and numbered in case a specific exit must be used.

All students requiring assistance due to physical disabilities shall be identified at the beginning of the school year and a staff member shall be designated as responsible for their evacuation.
