

# Student SPOTLIGHT

Adam is a student in our Middle School BEST Program. Over the last year, Adam has made exceptional growth with the support of his team at High Road of Hoffman Estates. Adam has made strides in interacting with peers and staff throughout the building through communicating verbally and with his AAC device. Adam completes crucial vocational tasks during the school day that help support our building. Throughout the week, Adam has access to various therapies and opportunities to develop independent life skills.

Within this program, students utilize Unique Learning System Curriculum and PEAK programming to make continuous growth academically and functionally. Our campus has great partnerships throughout the community that give our students access to multiple employment opportunities, real-world experiences, and access to multiple therapies such as equine therapy, music therapy, and art therapy. Adam is an exceptional representation of a BEST model student, and we are so excited to see Adam continue to grow within our program!

Congratulations Adam, all of your staff and friends at HRSHE are so proud of all that you have accomplished!

Adam

7<sup>th</sup> grade

High Road School of Hoffman Estates

“Adam always wants to help others; whether its helping a peer walk safely in the hallway or assisting in cleaning up a mess, Adam is always up to the task!”

– Ms. Lynn, paraprofessional

“High Road is the first school that has met Adam’s needs. You can tell that the love and support the High Road’s team gives him everyday makes an impact on him.”

- Regina, Adam’s Mother
