SEPTEMBER 2023

New Year, New Lattice!

It's hard to believe we are already about a month into the new school year! This year is all about building our Lattice community and welcoming parents, families, guardians and districts back to our campus!. Our back to school night is planned for the evening of September 21st. This is the same night as Sierra School, who now shares our campus. This will be a wonderful opportunity to explore both campuses and see all the wonderful changes that have occurred. We hope to see you there!

Important Upcoming Dates

- **9/4:** Labor Day, School Closed
- **9/11:** Gentleman's Barbershop
- **9/21:** Back to School Night

Teacher Spotlight

Meet Marisela Vasquez Gudino! Marisela is currently our room 2 teacher which focuses on Community Skills, Academics, and prepares our students for a transition to life after Lattice. She also is our new Associate Director joining our Administrative team.

When Marisela isn't on campus, she spends her time with her daughter Jayla who just turned 1! She also enjoys spending time with her French Bulldog Luna while also staying active in the gym.

IEP Season Starting

September marks the start of our IEP season! Our new IEP coordinator, Katy Starr, will become a familiar name for families as she will be supporting the scheduling of IEPs and IEP documentation. Teachers and providers will also be reaching out to receive parent input and ensure that we are creating meaningful goals for all of our students!

Annie Rath continues to be our Administrative Assistant. She will continue to be a familiar voice for families and here to support them in anyway.

Meet our Providers!

Alex Kim is one of our stellar BCBA's! After teaching at Anova, Alex came back to Lattice last year and joined our behavior team.

In his free time, Alex enjoys traveling, exercise and spend time with his friends. His favorite part about working at Lattice is working with the students and seeing their progress over the school year.
