Student Spotlight

This month, we are proud to celebrate **Ty** on his graduation after successfully completing all of the credits needed to graduate. Ty came to our program through placement by his home district with the goal of building self-regulation skills, and he has worked hard to make meaningful growth in that area.

During his time here, Ty met his goals, completed his coursework, and showed determination every step of the way. In addition to his academic success, Ty served as a valuable vocational support throughout the school and was a positive mentor to younger students. His leadership, growth, and willingness to help others have made a lasting impact on our school community.

We congratulate Ty on this important achievement and wish him continued success in all that comes next.
